Related Coursework: Financial and Managerial Accounting, Introductory Finance, Engineering Probability & Statistics, Business Communications, Engineering Computer Methods, Investments, Corporate Financial Policy

## PROJECT EXPERIENCE

**Booster Buddy:** Entrepreneurial Workshop Project

March 2023 – May 2023

- Collaborated with a group of five to identify a real-world problem and fabricate a usable and creative solution.
- Connected with Pediatricians and parents to fully understand the problem and gauge interest in our solution.
- Developed a prototype, 45-minute presentation, and poster to present our research, product, and business plan.

## LEADERSHIP POSITIONS

**IBE Council President**

September 2024 – Present

- Direct weekly 50-person meetings consisting of five committees to promote professional development, strength of community, and growth of the IBE program.
- Organized in-person career fair for over 100 students and 15 companies through effective communication with large companies, Lehigh facilities and catering, IBE advisors, and attendees.
- Facilitate communication between IBE Council, program directors, and the IBE student body.

**Pi Beta Phi, PA Kappa Chapter Vice President Finance and Housing**

November 2023 - Present

- Construct and ensure adherence to an annual budget of over \$200,000 by tracking chapter spending.
- Lead weekly chapter meetings and act as liaison between chapter members and national financial board.
- Monitor and assign member dues, financial and housing contracts, and housing placement of over 100 members.

**Lehigh Chabad Executive Board President**

January 2023 – Present

- Plan, set-up, and advertise weekly Shabbat (Friday night) dinners for 250+ students as well as large holiday events in order to foster a strong sense of community for Lehigh's Jewish Population
- Created and facilitated a bake sale that successfully raised over \$1500 for a volunteer ambulance service in Israel.

## WORK EXPERIENCE

**Intern**

May 2024 – July 2024

G2Q Computing, Milan, Italy

- Developed G2Q website from scratch using the Wix platform by writing enticing blurbs and utilizing skillful design.
- Researched and developed expertise in quantum computing to effectively market G2Q within the growing field.
- Collected cultural and professional lessons from conversations with coworkers and immersive travel experiences.

**Waitress**

Uncle Julio's, Bridgewater, NJ

May 2023 – July 2023

- Memorized 50+ menu items in order to answer guests' questions and provide customized recommendations
- Effectively and positively communicated with guests, creating an enjoyable experience for 40+ customers per shift.
- Maintained a tidy dining room, by quickly clearing and setting tables and sweeping the floors after closing.

## CAMPUS INVOLVEMENT

**TAMID Group Member**

September 2023 - Present

- Selected as one of 30 from 200+ applicants to receive financial and analytical training to consult Israeli start-ups
- Engage in weekly meetings to learn about career paths, business practices, and professional development.
- Compete in a case competition in order to exercise consulting skills and gain familiarity with Israeli companies.
